EBENSBURG MAIN STREET PARTNERSHIP RECEIVES 2016 NATIONAL MAIN STREET ACCREDITATION

Ebensburg, PA (July 1, 2016) – The Ebensburg Main Street Partnership has once again been designated as an accredited Main Street America™ program for meeting rigorous performance standards set by the National Main Street Center. Each year, the National Main Street Center and its Coordinating Program partners announce the list of accredited Main Street America programs in recognition of their exemplary commitment to preservation-based economic development and community revitalization through the Main Street Approach®.

“Once again, we are thrilled to recognize this year’s nationally accredited Main Street America communities for their outstanding work,” says Patrice Frey, President & CEO of the National Main Street Center. “We are experiencing an exciting era for America’s cities and towns, with a growing recognition of the importance of strong local enterprise, distinctive character, engaged residents, and sense of place. These are things that Main Street America programs have been working to protect and advance for years, strengthening the economic, social, and cultural fabric of communities across the country.”

The organization’s performance is annually evaluated by the Pennsylvania Downtown Center which works in partnership with the National Main Street Center to identify the local programs that meet ten performance standards. Evaluation criteria determines the communities that are building comprehensive and sustainable revitalization efforts and include standards such as fostering strong public-private partnerships, securing an operating budget, tracking programmatic progress and actively preserving historic buildings.

“We are proud to be one of only 40 accredited main street programs in Pennsylvania” said John Paul Houser, president of the Ebensburg Main Street Partnership. “It sets us apart and affirms that we are following the national standard for all main street programs.”

The Ebensburg Main Street Program represents an important and unique partnership between municipal government (the Borough of Ebensburg) and private enterprise (the Ebensburg Main Street Partnership). Combined with interested residents from the community, the Ebensburg Main Street Partnership is committed to increasing the economic vitality of the Ebensburg Central Business District. This is accomplished through a coordinated program of promotional activities, façade and streetscape improvements and economic restructuring efforts.
