EBENSBURG BOROUGH HIRES NEW SCHOOL RESOURCE OFFICER

On May 1st, 2025, Eric White was hired as a part-time police officer for the Ebensburg Borough Police Department. Officer White is assigned as the School Resource Officer (SRO) at Holy Name School.

Upon graduation from Cambria Heights High School, White served with the United States Marine Corps for 4 years, before enlisting with the Pennsylvania State Police.

Officer White retired from Ebensburg Station with an honorable discharge in January 2014 and brings with him over 25 years of combined law enforcement experience. The Ebensburg Borough Police are proud to serve Holy Name School with the newly initiated SRO program and look forward to continuing to provide police services for the 2025 - 2026 school year!

Pictured here, Mayor Randy Datsko swears in Officer White as the new School Resource Officer.

MEET THE NEW WATER BILLING CLERK

Ms. Tammy Young started in April of this year and has taken over the position of water billing clerk from Ms. Rose Myers. Myers worked in this position for the past 15 years until her recent retirement in June. Ms. Young was able to train under Myers for six weeks and is now up to speed on water billing, leak detection, new service applications, meter installations and dispatching of public works crew for water related events. Please join us in welcoming Tammy the next time you stop by the office!

EBENSBURG TO INSTALL TWO RECTANGULAR RAPID FLASHING BEACONS (RRFB)

Ebensburg residents will soon see two RRFBs installed on the east side of the West High & Julian Street intersection in downtown Ebensburg. A contract was awarded to the low bidder, M and B Services LLC, at the April Borough Council meeting. The project cost to install the two RRFBs is \$96,471.18, however, Ebensburg Borough was awarded a grant of \$52,747 to be put towards the project. The purpose of the RRFB is to enhance pedestrian safety and increase driver awareness at this busy intersection. The flashing light pattern will be activated by a pushbutton and will be unlit when not activated.

EBENSBURG MAIN STREET PARTNERSHIP EARNS NATIONAL ACCREDITATION

Ebensburg Main Street Partnership (EMSP) has once again been designated as an Accredited Main Street America program for meeting rigorous performance standards set forth by Main Street America. Main Street America recognizes two tiers of national designation—Affiliate and Accredited. Ebensburg's program is one of only 21 accredited programs across the state. Accreditation is described by Main Street America as *a commitment to building a strong vibrant community and a testament to the tireless efforts of the communities engaged leaders and volunteers.*

Ebensburg Main Street Partnership's performance was evaluated through assessments conducted by the Pennsylvania Downtown Center, which works in partnership with Main Street America to identify local programs that meet the national community evaluation standards.

PHASE 1 OF EBENSBURG'S STORMWATER MANAGEMENT PROJECT COMPLETE

Phase 1 of the Ebensburg Municipal Authority's extensive stormwater management project has just wrapped up. This project consisted of the installation of approximately 5,515 feet of 60", 30", 24", 18" and 15" stormwater pipe, inlets, manholes, headwalls and all necessary appurtenances.

Phase 1 covered the areas of West Highland Avenue, between N. West Street and N. Julian Street; N. Julian, N. Beech, N. Marian and N. Spruce Streets, north of West Highland; Randolph Street, Elderwood Drive and a portion of the Fairgrounds. The next phase of the project will be forthcoming in the near future.

TIME CAPSULE OPENING IN VETERAN'S PARK

The time capsule placed in Veteran's Memorial Park in 1975 is set to be opened this month! A small ceremony will be held on Saturday, July 26th at 10 am during Ebensburg's Homecoming celebration, with remarks and an unveiling of the contents of the capsule. Items will then remain on display until 12 pm. As part of its own centennial anniversary celebration this year, and in conjunction with the 200th Anniversary of the Incorporation of Ebensburg Borough, the Cambria County Historical Society along with the Ebensburg Main Street Partnership will host the retrieval of the time capsule.

According to a Johnstown Tribune-Democrat article from April 21, 1975, "The capsule, which is to be opened on the borough's 200th anniversary in 2025, included messages from President Gerald R. Ford, US Senator Hugh Scott, Rep. John P. Murtha and astronaut Neil Armstrong. The names of all the Grade One pupils in the Central Cambria School District and at the Holy Name Parochial School were placed in the capsule. At noon Saturday, the bell of the First United Church of Christ was rung 150 times by Gary Jenkins, son of Rev. Edmund F Jenkins, pastor."

Plans for a new time capsule - to be opened in 2075 - are being worked out now and placement will likely be in early September.

NEW ADDITIONS TO THE EBENSBURG SECTION OF THE GHOST TOWN TRAIL

Over the last few months, a section of the Ghost Town Trail located between South Locust Street and Rowena Drive has received a few new additions.

In May, Central Cambria High School's art students, along with their teacher, Mr. Brian Dumm, have created the latest in a series of four community murals. This one was specifically designed to showcase the Ghost Town Trail's past and present, featuring a train on one side and trail users on the other. It is located on the rear side of the Cambria Agway building, just past the YPCC Trailhead and before mile 32 on Rowena Drive.

Also located on the same stretch of the GTT, the Ebensburg Cambria Public Library has installed a Story Walk which is an interactive outdoor reading activity that combines reading and physical activity. Different books will be featured throughout the year and will be updated and maintained by the Library.

EBENSBURG BOROUGH POLICE DEPARTMENT UPGRADES TO IN-SYNCH REPORT MANAGEMENT SYSTEM

The Ebensburg Borough Police Department applied for and received a grant from the Pennsylvania Commission on Crime and Delinquency in October 2024. The grant was used to purchase In-Synch report management system software for the desktop computers in the police office and the mobile computers in the patrol vehicles. The report management system has been installed and will go live the first week of June. The software replaces outdated report management system software that was not FBI NIBRS compliant and will allow officers to remain on patrol rather than returning to the office to type reports. The NIBRS (National Incident-Based Reporting System) is a law enforcement crime data collection system used by the FBI in the United States. It's a more detailed and flexible system compared to the older Summary Reporting System, capturing data on each individual criminal incident, including details like victims, offenders, property, and arrests. NIBRS compliance is essential for the department to remain eligible for future federal funding.

Ebensburg Water Plant Receives Prestigious Area Wide Optimization (AWOP) Award

Ebensburg's Water Treatment Plant was selected again to receive a prestigious Area Wide Optimization Program (AWOP) Award. The AWOP Award was presented to Kyle Smiley and Anthony Perott, Plant Operators with Inframark pictured here, for the water system at this year's Pennsylvania Rural Water Association (PRWA) Annual Conference in State College, PA. AWOP is a national filter plant optimization effort among numerous states, the Environmental Protection Agency (EPA), the Association of State Drinking Water Administrators (ASDWA) and participating municipalities. The top performing filter plants that submitted their 2024 WebOAS turbidity data receive this award. This year, Ebensburg was one of 10 small filter plants (serving <10,000 people) that were presented with the AWOP Award.
